## Class Placement

Students taking dance classes should feel confident, successful and challenged. Students will be evaluated and may be moved to a different class to better match their skill level up to 6 weeks after classes begin. Age, maturity, dance experience and level of ability will be considered. Class placement is at the sole discretion of the JCB Faculty Members.

## Class Cancellations

JCB Danceworks may cancel classes in the event of inclement weather or other emergencies. We will offer a “Dance Night” in May of 2026 as a make-up class option where dancers can try styles other than the ones they’ve practised in all year. The date for this class will be finalized closer to the end of the season.

Please check [www.jcbdanceworks.com](http://www.jcbdanceworks.com), @jcbdanceworks on Instagram or contact us directly via email or phone for notices of closure.

# Classes Offered

## BALLET

A wide variety of ballet techniques will be taught incorporating classical movements. This dance form places great emphasis on body placement and posture to strengthen each dancer. Music will include classical to modern pieces to allow for a number of dance interpretations.

## CONTEMPORARY

The fusion of modern dance elements with elements of ballet. Contemporary takes form with abstract, unpredictable movement, speed and rhythmic changes and classical technique.

## ACRO

A specialized discipline combining jazz technique and acrobatic tricks. Classes will introduce stretching and age appropriate acro tricks. Dancers will learn a choreographed routine to showcase at the end of the season.

## JAZZ/HIPHOP

Hip Hop is both a musical genre and a culture. Hip Hop is a lifestyle that includes its own language, music, wardrobe style and style of dance.

## TAP

Characterized by the clicking sounds of heels and toes using the floor for percussion. This American style was born in the "roarin' 20's" and places importance on posture to produce proper and powerful sound.

## JAZZ

Using contemporary music, jazz incorporates ballet technique in its high-energy moves, ensuring body placement and posture. Jazz dancing is a form of dance that showcases a dancer's individual style and originality. Every jazz dancer interprets and executes moves and steps in their own way.

## KINDER DANCE

A combination class incorporating introductions to ballet and jazz. Classes will focus on movement and positioning in a manner suitable for young children. Dancers will learn a choreographed routine to showcase at the end of the season.

## MUSICAL THEATRE

Musical Theatre is a jazz-based class filled with Broadway style dancing and music. Classes incorporate the style of dance one would typically see on a Broadway stage. This form of dancing emphasizes learning performance skills such as connecting with the audience and facial expressions.

## COMBO CLASSES

A combo class runs 1.5 hours and dancers will learn technique and choreography in tap, acro and jazz/hip hop. Students will execute a choreographed routine in 2 of the 3 disciplines for the end of season performance. This class is a great way for dancers to find what style of dance they enjoy doing the most!
